

Intercultural Theatre Institute

Financial Assistance

ITI recognises that many students have financial difficulties and may find it hard to afford the full fees as well as living expenses in Singapore for the full three years of the programme.

Students are strongly encouraged to secure scholarships or other support in their home countries. ITI will provide advisory services and supporting documentation upon request.

ITI is an independent charity that works hard at fundraising to enable us to offer financial assistance to as many students who need it as possible. As funds are always limited and vary from year to year, the amount of financial assistance will also vary.

ITI offers three types of financial assistance:

- 1) Möbius Fund – a student loan scheme
- 2) Bursaries
- 3) Scholarships

Eligibility for financial assistance

For all schemes, you must be an enrolled student at ITI to be eligible.

For some schemes, there may be additional requirements imposed by donors and funders, such as nationality.

Types of Assistance

A. Advisory and Administrative Services

Students are strongly encouraged to seek funds from networks within their home countries. You can approach your local arts council, arts and culture ministry, private or corporate foundations/donors. Or raise funds from families and friends through the use of social media or crowdfunding sites. ITI has profiles on the websites giving.sg, give.asia and ammado.com, which you can connect with or link your online profiles to.

You can approach ITI for more specific advice or supporting letters and documents. These include:

- personalized testimonial letter
- write-up on ITI, course information and curriculum
- estimate on living expenses
- endorsement of ITI from a well-respected individual from your home country, where possible. Please give us advance notice if you require this so that we can arrange for it.

B. Möbius Fund

You can apply to the Möbius Fund for a low-interest loan to help pay your fees and/or expenses. Upon graduation, you must begin to repay the loan. These repayments will replenish the fund capital so that other students can continue to benefit from the loan fund. Interest charges only take effect one year after you graduate.

The loan is granted on a yearly basis and must be renewed if you wish to continue with it the following year. The amount granted is subject to the availability of funds.

Key Features	<ul style="list-style-type: none">• Maximum amount S\$18,000 for tuition fees per year• Maximum of S\$750 per month (overseas student) or S\$300 per month (Singaporean/PR) for living expenses• Interest of 3% per annum on outstanding amount, applicable one year after graduation; prior to that it is interest-free• Extended repayment period
Eligibility	<ul style="list-style-type: none">• Must be an enrolled student at ITI
Award Criteria	<ul style="list-style-type: none">• Based on financial need• Applicants need to detail in writing the reasons why they require the loan and how they plan to pay it back

C. Bursaries

The bursaries available may vary every year, depending on donors and funders.

Key Features	<ul style="list-style-type: none">• Amounts have previously ranged from S\$400 to S\$1,000
Eligibility	<ul style="list-style-type: none">• Must be an enrolled student at ITI
Award Criteria	<ul style="list-style-type: none">• Based on financial need

D. Scholarships

The scholarships available vary every year, depending on donors and funders. Terms and conditions may also differ. Scholarships may have specific eligibility requirements. Some donors may request for more information about the candidates or regular updates on the progress of the recipients' training.

Scholarships are made possible by the generosity of organisations and private individuals. Recipients may be required to participate in events where the donors are present. Every recipient is expected to play an active role in the life of ITI and be a good ambassador of the institute.

All scholarships are awarded on a yearly basis and subject to renewal.

Key Features	<ul style="list-style-type: none"> • Scholarships may cover full or partial tuition fees. For international students, some may include a portion for living expenses • Amounts have previously ranged from S\$7,200 to S\$24,000 a year
Eligibility	<ul style="list-style-type: none"> • Must be an enrolled student at ITI • Some scholarships may have other requirements such as nationality, year of study
Award Criteria	<ul style="list-style-type: none"> • Primarily based on merit, in consideration of artistic talent and ability, maturity and commitment. These qualities will be assessed on the following basis: <ul style="list-style-type: none"> ○ New students – performance at audition and information provided in admission application ○ Current students – evaluated performance in programme in preceding year/s • The strength of these qualities will be considered in the event of competing candidates • Secondly, financial need will be taken into account if necessary. Those in dire financial need will be given priority over those who are relatively better off. This is to ensure the students get the help that they genuinely need

Available for 2019*

Application Process

Please complete and submit an application form by the deadlines stated below. You should use only one form and indicate which financial assistance scheme(s) you are applying for.

All assistance is awarded year on year. You can renew your application every year, as long as you are eligible for the respective type of assistance.

Application forms and renewal forms are available on request from the ITI Administration Office or email admin@iti.edu.sg.

Please submit your form to ITI by email, post or by hand.

Please ensure you complete the form with the required information. The financial information you provide will be used to assess your financial need. Incomplete forms will not be accepted for consideration.

Shortlisted candidates may be required to attend an interview.

Application deadline:

Year 2s and 3s for Scholarships / Bursaries / Möbius Fund: 16 November 2018

New students for Scholarships / Möbius Fund: 5 January 2019

Award Results

The financial assistance available, such as amount of loans and bursaries, number and types of scholarships, scholarship amount, will vary year to year, depending on the level of funding secured. Awards will be made subject to what is available for that year.

If there are different scholarships available in a given year, ITI shall consider all candidates for all the scholarships and match the respective scholarships with successful candidates according to the best fit.

ITI reserves the right not to award any scholarship if candidates are deemed not suitable. ITI's decision is final.

Timeline:

Year 2s and 3s

- December 2018 Review by Scholarship and Möbius Fund Panels and Results
- January 2019 Contracts to be signed

New students:

- January 2019 Review by Scholarship and Möbius Fund Panels and Results
- January 2019 Contracts to be signed

* Timelines are subject change

FAQs

Q. Can I submit my scholarship application together with my application for admission to ITI?

Yes, you may or you may do so later as long as it is before the scholarship application deadline. However, you will have to be accepted and enrolled as a student before you are considered for the scholarship.

Q. If I am awarded a scholarship for one year, does that mean I will automatically continue to receive the same scholarship for subsequent years of study?

No, scholarships are awarded for one year of study only. You will have to submit a renewal form each year to be considered for subsequent years. Candidates will then be reviewed and, if successful, awarded scholarships, subject to what is available for that year. Thus the type of scholarship, including amounts, may be different even if you have been awarded one before.

Q. When and how will the funds be disbursed?

Scholarship

The tuition fee portion will be disbursed directly to ITI. It may, in some circumstances, be disbursed to you, after which you have to make payment to ITI. The portion for living expenses (if any) will be disbursed to you as a monthly allowance, amount to be agreed with you. The first disbursement will be made at the earliest possible time after the scholarship contract is signed, subject to receipt of the scholarship funds.

Bursary

The bursary will be disbursed to you directly within 2 weeks of the Panel's decision. If you owe any money to ITI, the bursary may be used to pay ITI.

Loan

The loan for your fee will be disbursed directly to ITI. It may, in some circumstances, be disbursed to you, after which you have to make payment to ITI. Loan for living expenses will be disbursed to you on a monthly basis or lump sum, according to what is mutually agreed. The first disbursement will be within 2 weeks after the loan contract is signed.

Q. If I take up a loan, what happens if I leave school before I graduate?

You will have to start repayment of the loan (the amount disbursed to date) according to the terms of the loan contract.

Q. Do I have to return the bursary if I leave school before I graduate?

If it has already been disbursed to you, you do not need to return the bursary. If it has not been disbursed, the bursary may be cancelled as the purpose is to help you during your studies.

Q. Do I have to return the scholarship if I leave school before I graduate?

Yes, if you leave the programme for any reason whatsoever, you are required to return the funds received in full within 12 months of your departure. This is part of the terms and conditions of the scholarship contract. This applies to the amount received for the same year as your departure. For example, if you received an S\$18,000 scholarship for 2016 tuition fees and you leave the school in 2016 before the completion of the full academic year, you have to return S\$18,000 to ITI.

For other questions on loans, please refer to the [Möbius Fund FAQ](#).
