Introduction to the Professional Diploma in Intercultural Theatre (Acting)

- 4.1 The Professional Diploma in Intercultural Theatre (Acting) is a distinctive, three-year, full-time professional training programme for actors in contemporary theatre. It immerses students in traditional theatre forms from Asia, and juxtaposes these intense interactions with both Stanislavskian and post-Stanislavskian actor training techniques.

The programme is constituted basically of training modules comprising Acting for the Contemporary Stage, Voice & Speech, Movement for Acting & Performance, Technical Theatre for Acting & Performance, Taiji for Actors: Natural Conditioning for Open Applications and Humanities/Cultural & Literary Theory, as well as modules for the traditional forms.

The skills, techniques and approaches acquired by the student are then framed and re-contextualised through a series of ongoing, original theatremaking projects. This process of skills acquisition and recombination takes place in a plural, intercultural environment marked by a variety of languages, a multiplicity of cultures and a broad, inclusive, theatrical palette. The application of performance skills in intercultural contexts, integrated with the generation of original work in theatre and performance, forms the through-line that characterises the programme.

- 4.2 The programme is inspired and informed, in general, by the experience of contemporary theatre in Singapore over the last 40 years, and in particular, by the artistic vision and multicultural practice of its founder Kuo Pao Kun.

5

Assessment Approach

- 5.1 The requirements and assessment mode for each module are clearly communicated to the students at the beginning of the course by the Head of Acting and faculty. The information is also provided in the Programme Details handout given to all new students on the first day of school. Students are expected to meet the requirements of every module.
- 5.2 Students will be assessed and evaluated by the teachers of the modules (including visiting directors). This may be done in two ways: (1) continual evaluations of studio and class work and (2) assessments of semester-end presentations or performances. Some modules adopt one mode of assessment and evaluation or the other. Others adopt a proportion of both.
- 5.3 Students are assessed continually in relation to their preparedness for class, attendance, effort, attitude, discipline, consistency, quality of project work and exercises, and the level skills and technical competence demonstrated. Assessments of semester-end presentations are based on artistic or aesthetic quality of performance, depth and integrity of the playing, credibility, consistency and effort in characterization or embodiment and the level of technical difficulty demonstrated by the student during the performance.

- 5.4 The faculty members aim, at all times, to maintain an ongoing dialogue with each student that allows for the identification of the student's strengths and weaknesses, progress or lack of progress in the work.
- 5.5 ITI aspires to help each student discover their own way of learning and working. The faculty endeavours to help each student shape a personal "journey".
- 5.6 Students are not given marks or grades. Faculty may use objective, numerical strategies and formulae to arrive at the collective assessment of students, but seek to focus the ongoing conversations with students on the substantial issues above and beyond such numbers.
- 5.7 The individual student's attendance record will be weighed as part of their assessment. Students should bear in mind that an attendance of less than 90% for the semester can constitute cause for being asked to leave the programme (see Section 6).
- 5.8 Students receive a verbal and written report on their performance for the relevant modules and also for their Final-Year Public Performances. The verbal assessments take place at the end of the semester for the modules and after each production for the Final-Year Public Performances. The written Evaluation Reports will be handed to the students by the beginning of the next semester or within one month after each production.
- 5.9 Students are awarded 'Pass' or 'Fail' or, in exceptional cases, 'Pass with Distinction'. Students who pass all their modules will be allowed to progress to the next semester. Those who have a 'Fail' grade will be asked to leave the programme or given an opportunity to be re-evaluated, at the discretion of the Director/Head of Acting.
- 5.10 Students who are to be re-evaluated will be informed of the conditions they have to fulfil, and allowed to progress to the next semester. If they fulfil those conditions within the stipulated time in the next semester, they will be given a 'Pass' for the module(s) in question.
- 5.11 Efforts will be made to counsel and help students who are underperforming. If the problem persists, they may receive a warning. If insufficient improvement is seen, the student may be asked to leave the programme.
- 5.12 For students who are permitted to defer a Final-Year Public Performance, the Final-Year Theatremaking Project or a traditional theatre module, they will sign a letter confirming the deferment and its conditions, including assessment and the timing for completion (see Annex 3 on deferment policy).
- 5.13 To be awarded the Professional Diploma in Intercultural Theatre (Acting), students must fulfil the following criteria:
- Pass all the modules in Year 1 and Year 2
 - Complete all Final-Year Public Performances and pass the assessments
 - Complete the Final-Year Theatremaking Project
- This includes any module/production/project deferred (see Annex 3).
- 5.14 The Examination Board will give their endorsement of the Director/Head of Acting's recommendation on the students' suitability to be awarded the Professional Diploma. Upon graduation, students will receive the Professional Diploma in Intercultural Theatre (Acting) together with a record of their training throughout the programme.

- 5.15 Students who wish to appeal any assessment result may do so by writing to the Director/Head of Acting within two (2) weeks of receiving their results, specifying clearly the grounds of appeal. Each appeal will be considered by either the Director/Head of Acting or a member of the Examination Board, who will have regard to the student's grounds of appeal, records relating to the student's development, and records of assessment. At their discretion, the Director/Head of Acting or Examination Board member may also review any other relevant material. Students will be informed about the result of the appeal three (3) weeks after the submission. The decision of the appeal must be endorsed by the Examination Board before the appeal results are released to students.

6

Student Attendance

- 6.1 Students are required to attend all scheduled classes in the timetable as well as any other approved classes arranged by the faculty (see 5.7).
- 6.2 Teachers keep an attendance register for all classes.
- 6.3 Students are expected to be punctual for all classes. Students who turn up more than five minutes late for any class may not be allowed to attend the class. The teacher has full discretion in deciding whether a student may attend their class.
- 6.4 A student who is absent or late from class must inform the Curriculum Coordinator and all teachers concerned on the same day and give the reason, prior to start of class if possible.
- 6.5 A student is allowed to be absent 3 classes per module per year, without needing to submit supporting documents. Beyond this, all absences considered as having a valid reason must be supported by official documents such as a medical certificate issued by a registered medical practitioner or a letter from an authorised party.
- 6.6 Students must submit supporting documents for their absences through attendance@iti.edu.sg or hand them in to the Curriculum Coordinator by the following working day.
- 6.7 Absences for other reasons may be considered on compassionate grounds. The student must submit the reason for their absence to the attendance email and the Head of Acting, by the following working day. This is subject to approval by the Head of Acting.
- 6.8 If students wish to request for special leave of absence from classes (including for pre-approved external projects – see 7.3), they must submit their request to the attendance email and the Head of Acting, at least five working days prior to commencement of the leave period. Approval for such leave will only be granted under exceptional circumstances.
- 6.9 If a student is found to be absent without valid reasons or if the attendance is below 90% (actual or with valid reason) for the month or semester, they may receive a warning. The student shall be warned that if they are again absent without a valid reason and/or attendance continues to be below 90%, it can constitute cause for being asked to leave the programme (see 5.7).
- 6.10 ICA requires regular attendance and will cancel the Student's Pass if a student fails to attend classes for a continuous period of seven days or more without any valid reason

or their percentage of attendance for the programme in any of the months is 90% or below without any valid reason. ITI is required to inform ICA should this occur.

- 6.11 Students may be required to stay after or outside timetable hours to rehearse or do project work in the evenings, during weekends and on public holidays, when reasonably necessary to achieve training objectives.
- 6.12 All student records of absence and tardiness will be reviewed regularly.
- 6.13 Any student who is consistently absent or late will be referred to the Director.
- 6.14 Students must inform the Curriculum Coordinator or the Head of Acting, without delay, of any injury, illness or adverse health condition that they may suffer from or develop at any time while undergoing the training.

Student Services

Orientation and General Support

- 10.1 New students will participate in an orientation programme and be provided with an orientation pack. Orientation comprises a school meeting that involves all faculty members, administrative staff and students (including current cohorts), a tour of the premises and an administration briefing and a welcome lunch. The Director and Head of Acting will chair the meeting and introduce all the staff to the students and vice versa. This will be followed by an introduction to the school curriculum by the various faculty members to the new students.
- 10.2 International students will be provided with assistance with immigration matters, advice and information on accommodation and any other off-campus information. The administrative staff will also accompany the students to the clinic for the medical check-

up required by ICA, if required and to complete their formalities for the Student's Pass at ICA. If requested, they will be met at the airport by administrative staff and brought to their respective accommodation.

- 10.3 All students may approach the Curriculum Coordinator for curriculum matters and the Administration Executive for administrative matters, or any staff at the Administration Office. Students may also contact CPE (see Annex 7) for enquiries on studying in Singapore and assistance during their course of study.
- 10.4 Students are welcome to approach any staff in the Administration Office if they have feedback on any matter. Students may also give their feedback by email or through the student survey conducted every semester. For the school's formal feedback procedure, please refer to Annex 6.

Facilities

- 10.5 School facilities are available to students for their own course-related training and rehearsal sessions, at no charge. Bookings must be made through the Administration Executive in charge of facilities.
- 10.6 The ITI Library has a specialised collection of performing arts-related books and audio-visual resources and a general social science collection of books that are accessible to all students, at no charge.
- 10.7 ITI also offers students internet access, use of a shared computer, and printing and photocopying services.

Accommodation

- 10.8 ITI does not have any dormitory or hostel facilities. The Administration Office can assist students with information and advice in their search for private housing.

Insurance for Students

- 10.9 Students attending the Professional Diploma in Intercultural Theatre (Acting) do so at their own risk, and ITI shall not be liable in respect of any personal injury, damage to property, loss, expense, or cost whatsoever, and howsoever caused, save only if directly caused by the willful default or gross negligence of ITI.
- 10.10 Students are provided with group medical insurance coverage with an annual limit of S\$20,000 per student, as charged in B2 wards (6-bedder) in Singapore Government/Singapore Government Restructured Hospitals and 24 hours coverage. Students may opt out if they can show they have insurance coverage at least for accidents. The premium shall be collected with other fee payments as shown in the course fees schedule of the Student Contract (see 8.1). Details of the coverage will be provided to the students at the start of semester. Please check with the Administration Office on how to make claims.
- 10.11 All students, under regulations imposed by CPE for the EduTrust scheme, are required to purchase the Fee Protection Scheme (FPS) upon payment of fees. FPS serves to protect students' fees in the event ITI is unable to continue operating due to insolvency, and/or regulatory closure. It also protects students if ITI fails to pay penalties or return fees to the students arising from judgement made against it by the Singapore courts.
- 10.12 FPS provides full protection to all fees paid by their students. All fees refer to *all* monies paid by the students to be enrolled in a private education institution, *excluding* the course application fee, agent commission fee (if applicable), miscellaneous fees (non-

compulsory and non-standard fee paid only when necessary or where applicable, for example, the re-exam fee or charges for credit card payment, etc) and GST.

10.13 ITI has adopted the fee insurance scheme for its FPS. Under the fee insurance scheme, ITI will purchase insurance protection from Lonpac Insurance Berhad (a CPE-appointed insurance company) for every student. The premium for the insurance, payable by the student, is 3% of the total amount of fees protected (plus GST), as charged by Lonpac.

10.14 **FPS Procedure**

FPS insurance will be purchased for each instalment paid. The premium will be collected with every instalment of the course fees (see 8.1). ITI will purchase the insurance for the student, with the premium paid fully to the insurance company. A certificate of insurance issued in the student's name will be sent by the insurance company to the student. The period of the insurance is from the date the course fee instalment is paid to the next scheduled payment date. If the insurance is terminated prematurely, such as when a student withdraws from the programme, the amount of premium refunded will be determined and made by Lonpac. It shall be paid to the student within 7 working days of ITI receiving the refund from Lonpac. To check their fee protection status, students may enquire with the Administration Office for the documentation.

10.15 Full details of the medical insurance policy and Fee Protection Scheme may be obtained from the Administration Office.

Student Care

10.16 ITI is committed to creating a nurturing environment that maximises the developmental potential of all students. Students are welcome and encouraged to speak to the Director/Head of Acting, faculty or administrative staff anytime they need help coping with mental stress relating to a new environment or course demands. Senior cohort students and alumni may also be asked to give guidance and support to new students if necessary. ITI may refer students to external trained counsellors at their request or if deemed necessary.

About Intercultural Theatre Institute

- 12.1 Intercultural Theatre Institute (ITI) is an independent theatre school for contemporary artists, conceived as a unique and unprecedented enterprise in theatre training, social and cultural interaction, and human understanding. It currently offers a three-year, practice-based, professional actor training programme founded on a rigorous, intercultural learning methodology with a view to producing original, contemporary theatre.

ITI began as the Theatre Training & Research Programme (TTRP), founded in 2000 by renowned dramatist, Kuo Pao Kun (1939–2002), and the current Director, T. Sasitharan. ITI is founded on the belief that theatre would have little meaning if it is not connected to life and society. Good theatre, like all good art, must have social impact. It must make a difference to life as it is lived by ordinary people. Through the espousal of intercultural theatre practice, ITI aims to train artists who are capable of working across cultural, linguistic, social and national boundaries, unleashing the immense potential of theatre to bring together, empower and ultimately harness the energies of diverse communities throughout the world.

ITI is a registered charity and an approved Institution of Public Character under Singapore's laws governing the charity sector, and registered as a private education institution with the Committee for Private Education (CPE), part of SkillsFuture Singapore (SSG), under Singapore's laws governing the private education sector.

- 12.2 Vision
To nurture the next generation of theatre artists, teachers and leaders with the hearts, minds and abilities to create art that embraces the values of cultural and social diversity, and celebrates humanity and life.
- 12.3 Mission
To nurture skill, technical competence, critical awareness, social engagement and artistic autonomy in theatre artists so that they are capable of contributing significantly to the theatremaking processes and cultures of their own communities.
- 12.4 Values
All staff are expected to conduct themselves in line with the ideals of the organisation and with integrity, professionalism in their work, and openness to one another and to students, as well as to different aspects of theatre, arts and culture.

12.5 Culture

ITI is founded on the belief that theatre would have little meaning if it is not connected to life and society. Good theatre, like all good art, must have social impact. It must make a difference to life as it is lived by ordinary people. Through the espousal of intercultural theatre practice, ITI aims to train artists who are capable of working across cultural, linguistic, social and national boundaries, unleashing the immense potential of theatre to bring together, empower and ultimately harness the energies of diverse communities throughout the world.
